LONG BEACH CITYSCAPE, CA 90000

All plans created by Precision Property Measurement Ltd "PPM" are made exclusively for landscaping purposes (Cal. Bus. & Prof. Code §5727). All site plans created by PPM do not involve the determination of any property line, and as such do not constitute land surveying (Cal. Bus. & Prof. Code §§8726-8727). In addition, all floor plans created by PPM do not constitute civil engineering (Cal. Bus. & Prof. Code §§6703-6704), and thus should not be used for any studies or activities defined as civil engineering (Cal. Bus. & Prof. Code §6731). All floor plans created by PPM are intended to be used as a reference for design and construction and should not be considered a substitute for the services of an architect, contractor, designer or other licensed professional. PPM makes every reasonable effort to ensure the accuracy of the information found in our plans. However, every As-Built drawing inherently contains errors to some degree. It is the duty of the architect, contractor, designer or other licensed professional, as a consultant to the property owner, to determine the suitability of the As-Built drawing. All dimensions and conditions should be field confirmed before commencing construction, in the event that an error is found on a plan, PPM's liability is limited to the amount of the fee paid to PPM.
